

Attorney Docket No. P08958-US1

REMARKS/ARGUMENTS**1.) Claim Amendments**

Claims 1-24 have been canceled. New claims 25-33 have been added. Accordingly, claims 25-33 are pending in the application. Favorable reconsideration of the application is respectfully requested in view of the foregoing amendments and the following remarks.

2.) Claim Rejections – 35 U.S.C. § 103(a)

In paragraphs 7-8 of the Final Office Action, the Examiner rejected claims 1, 2, 4-6, 11-18, and 19-24 under 35 U.S.C. § 103(a) as being unpatentable over Cisco in view of Klemets. These claims have been canceled, and new claims 25-33 have been added.

The new claims clarify that the router, address memory, and address translator are implemented in a mobile station. Basis for this claimed embodiment is found in the originally filed specification on page 4, line 32 through page 5, line 3; and page 9, lines 1-4. The Applicant contends that neither Cisco nor Klemets teach or suggest such a mobile station. Note that although Klemets uses the terminology "Mobile Internet Router" (i.e., MINT), this term refers to mobile hosts, not a mobile router.

Therefore, the allowance of claims 25-33 is respectfully requested.

CONCLUSION

In view of the foregoing remarks, the Applicants believe all of the claims currently pending in the Application to be in a condition for allowance. The Applicants, therefore, respectfully request that the Examiner withdraw all rejections and issue a Notice of Allowance for claims 25-33.

The Applicants request a telephonic interview if the Examiner has any questions or requires any additional information that would further or expedite the prosecution of the Application.
